Zhi-Xing China: Global Young Leaders Fellowships

The program “Zhi-Xing China: Global Young Leaders Fellowships” is sponsored by China Education Association for International Exchange. The program aims to provide a diverse platform for global youth to showcase and exchange ideas, to promote understanding of China and enhance interaction and understanding among young people from all over the world, to contribute youth power to building a human community of with a shared future, and to nurture future leaders who will contribute to world friendship, peace and sustainable development.

Each year, the program will invite outstanding youth from different civilizations, countries and fields around the world to gather in China to showcase the results of their training through written and visual documentation, with innovative thinking and youth responsibility as the core. The 1:1 ratio of Chinese and foreign youths are paired in a deep cooperation to empower youths and bring their wisdom to find solutions for global issues. By visiting China and getting to know China, we inspire young people from China and abroad to explore China, promote the clash of young minds and enhance the exchange and appreciation of civilizations.

In 2022, the project will adopt a “intensive learning - group

visit – showcase” model, with the project schools organizing centralized learning and group visits for students firstly, and then the outstanding student leaders will be invited to a showcase and wrap-up event in the summer.
